

FLIGHTLINE SUPPORT LTD

COVID 19 CORONA VIRUS UPDATE

Flightline Support, continues to offer support for critical service providers and operations throughout the UK and globally.

We have temporarily suspended manufacturing during this time as the supply chain disruption is a major factor for our build program.

However we do have a small team taking calls, receiving goods and dispatching parts / equipment to our clients on a daily basis. Our engineers are also still providing call out cover for essential operations.

WE CONTINUE TO MONITOR THE SITUATION AND REVIEW OUR CAPABILITIES ON A DAILY BASIS TO ENSURE THAT WE CAN OPERATE SAFELY UNDER THE MOST DIFFICULT OF CIRCUMSTANCES.

If you have any questions, or requests then please contact us;

Ray Harris
Managing Director
Flightline Support Ltd
